DIY Yarn Christmas Ornaments

TIME TO COMPLETE
30 to 40 min.

SKILL LEVEL
Beginner

By Haeley Giambalvo
Design Improvised

MATERIALS

- Papier-mâché or wood ornaments
- Washable glitter tempera paint
- Foam brushes
- Colorful yarn
- Mini pom-poms
- Craft glue
- Scissors
- String or ornament hooks

INSTRUCTIONS

STEP 1

You can grab any papier-mâché or wood ornaments for this project. We used stars and mittens, but any shape works! Start by painting them with washable glitter tempera paint using a foam brush. Let them dry completely so they sparkle on the tree.

STEP 2

Wrap your ornaments with colorful yarn. After a few wraps in different directions, trim the yarn and secure it on the back with a dab of glue. Want more color? Wrap a second yarn color on top!

STEP 3

Add some tiny pom-poms if you like. Make each ornament unique with different shapes and colors—no two will be the same!

STEP 4

Hang your ornaments on the tree and enjoy!
